

Sir/Madam,

1. GSTN has launched the e-invoice registration services through multiple private IRPs at the recommendation of the GST Council. Four private companies viz. Clear Tax, Cygnet, E&Y and IRIS Business Ltd were empaneled by GSTN for providing these e-invoice registration services to all GST taxpayers of the country. The details of the existing and new IPRs is available at <https://einvoice.gst.gov.in/einvoice/dashboard>

2. The taxpayers now have a choice of more than one IRP (earlier being the only single portal of NIC), which they can use to register their e-invoices. The URLs of IRPs sites authorized to generate IRNs as on date are as follows:

URL	IRP Name
https://einvoice1.gst.gov.in	NIC-IRP
https://einvoice2.gst.gov.in	NIC-IRP
https://einvoice3.gst.gov.in	Cygnet-IRP
https://einvoice4.gst.gov.in	ClearTax-IRP
https://einvoice5.gst.gov.in	E&Y-IRP
https://einvoice6.gst.gov.in	IRIS-IRP

3.It is further informed that validity of e-invoice reported on the private IRPs can be checked at <https://einvoice.gst.gov.in/einvoice/search-irn> or on the respective mobile Apps provided by private IRPs.

4.Further, NIC is updating its app to verify IRNs generated by the private IRPs. Additionally, GSTN is in the process of launching a universal e-invoice verification app shortly.

Regards,

Team GSTN and MGSTD
